

FOR IMMEDIATE RELEASE

## Encore Payment Systems Introduces the Clear Advantage Secure Payment System

**Addison, TX. – February 1, 2007** – Addison, TX based Encore Payment Systems, [www.EncorePS.com](http://www.EncorePS.com), a leader in the electronic payment processing industry, is excited to announce the release of the Clear Advantage Secure Payment System, our state of the art processing terminal available exclusively from Encore Payment Systems and its sister company, Prodigy Payment Systems.

The Clear Advantage is one of the most advanced payment systems available today, and it comes with several special features designed to help merchant's process payments with ease. One unique feature of the Clear Advantage is Encore SpeedMessaging, which allows merchants to conveniently communicate with Encore through their terminal. SpeedMessaging is unique to Encore and Prodigy, and with it a merchant can order supplies or request a call from Customer Service or Technical Support by simply pressing a button on the Clear Advantage. In order to contact their current service provider, a merchant would have to call them, be placed on hold, and wait "for the next available agent". With a Clear Advantage, all the merchant has to do is send an Encore SpeedMessage, and Encore will contact them.

The Clear Advantage is a complete system that will process a variety of electronic payments, including credit and debit cards, smart cards, gift/loyalty cards, prepaid cards, EBT, as well as process checks (also known as electronic check conversion).

"The introduction of the Clear Advantage terminal is an exciting day for Encore Payment Systems and Prodigy Payments Systems," said Chief Sales Officer Mark Harrelson. "We're very proud of this terminal, as we believe it offers functionality and features that are unparalleled by other terminals in the industry."

### About Encore Payment Systems

Encore Payment Systems was established for the purpose of providing electronic payment processing solutions and other value-added services to small and medium-sized retail merchants throughout the United States. Encore is a leader in the electronic payment processing field providing credit card, debit card, ATM card, gift card, prepaid card, EBT and check processing services.

With over seventy years of combined experience in the electronic transaction processing industry, Encore's management team set forth a goal of creating a company with a sincere dedication to superior customer service and an honest and ethical approach to acquiring new customers. This vision has enabled Encore to become one of the fastest growing companies in the industry excelling in all aspects of merchant services.

Encore Payment Systems is located at 3801 Arapaho Road, Addison, Texas 75001. Visit Encore Payment Systems online at [www.EncorePS.com](http://www.EncorePS.com)
